"Staff are very organised and are reflective in constantly seeking the views of the children, parents and the staff team to improve the quality of the care and experiences provided. This continues to be an area they strive to strengthen further. The professional development of the team is prioritised to ensure they have the depth of knowledge they require to fulfil their roles and responsibilities.

The provider has secure procedures in place and staff have a good understanding of their roles and responsibilities, including safeguarding children effectively. There is an open and positive culture around safeguarding that puts children's interests first."

Parent view

"KOOSA is fantastic, and my child loves going! The staff are incredible! The activities are engaging and there's always plenty to do. My wife and I work full time, so having KOOSA as an option is ideal, especially when our son enjoys it so much."

Parent view

KOOSA Kids have a variety of activities and highly engaging staff working with the kids. My little one had no complaints going there everyday and would even ask me if she could go at the weekend! A great deal of peace of mind for me while I was at work. Thank you!"
